small team of
ACCA have zoom
meeting to discuss
about ACCA
Webinar Series
arrange in each
countries to make
activity for all ACCA members during this
covid situation as well as looking for the
opportunity to have new members.
Tuti has arranged her collaboration with
the local exhibitor whom already
experience with doing Webinar and can
invite the government official and chairman
of F&B in Indonesia to join the Webinar to
give a brief about the covid situation and
how to manifest it for our business and
ready for the changing.

While ACCA will arrange for PICCI and
supplier to be a speaker as well. PICCI is
about Indonesia corrugated industry,
supplier is about their new technology
adapted to covid situation.
Varna informed that Propack has
arranged some Webinar and trainings
online in conjunction with their next
exhibition.

And she also suggested that it should be a
key note speaker for 5 minutes about trend.

Then, followed by 2 or 3 suppliers each 10
minutes. Kiat informed that MACMMA
plans to have a Webinar – and still looking
for the right speaker. They plan to have
Webinar regularly. Ivy gave comment
that we should focus on what the
members interested
(hope Ivy give samples of what China
customers interested).

CP suggested that the Webinar should
be around one hour, so the audiences
are not boring. Though in Indonesia
(mostly about 2 hours +).

Next step: four ladies (Varna, Kiat, Ivy and
Tuti) will communicate for one week more
details about the Webinar. And we will
have next zoom on Friday, 21 Augustus
2020 at 11 am (spore time).
