

HKCPMA the First Member Meeting and Spring Dinner in 20-Feb, 2025

In the wave of the development of the paper industry, every exchange and convergence has condensed the power to move forward.

On February 20, the "First Member Meeting and Spring Dinner in 2025" of Hong Kong Watong Paper (Guangdong-Hong Kong-Macao Greater Bay Area) Chamber of Commerce was successfully held in Yingke Group. Nearly 50 members of the Chamber of Commerce gathered together to look forward to the development blueprint for the New Year. This meeting is not only an important moment of summary and planning, but also the starting point of a new journey for the Chamber of Commerce!

HKCPMA Delegation visited Bun World Group Factory, Jiaying Printing Factory, XingBang Paper Factory Qiaosha carton Factory, and Haitan Garment Factory. Learn advanced production experience and understand the Cambodian market share.

The Chairman of HKCPMA, Larry Szeto, made a comprehensive summary of the trip at the exchange meeting. He pointed out that in recent years, the global paper industry demand continues to rise, but the global economic situation is complex and changing, the industry product surplus problem highlights, resulting in many enterprises to look at overseas markets, and strive to open up new business territory. During this trip to Cambodia, the members of the delegation had a very intuitive and profound understanding of the local market through field visits and in-depth exchanges. We are all optimistic about Cambodia's excellent business environment and market development potential.
