JAMES A. TURNER JR. INSTITUTE
FOR WELDED TECHNOLOGY

This year marks the 25th anniversary of the Foundation's mission that was first envisioned by collaboration of flexo industry leaders in 1997.

that was first envisioned by collaboration of flexo industry leaders in 1997.

This year's competition again gave students the opportunity to display their knowledge and experience with basic flexo concepts.

All the participating teams and students have shown their caliber of talent and poise as they aim for careers in the flexo and package printing industry. The Phoenix Challenge Foundation has announced the winners of this year's High School competition.

The 25th Annual Phoenix Challenge High School Skills Competition, took place virtually this year and delivered

motivated students eager to display all they have learned.

THE WINNERS:

1ST PLACE - Prishanti Jackson and Oliver Osadchuk - Cuyahoga Valley Career Center, Brecksville, Ohio

2ND PLACE - Evan Schubert and Zach Zastrow - Watertown High School, Watertown, Wisconsin

3RD PLACE - Alexa Fourney and Iyvanah Price - Chester County Career Center, Chester, South Carolina

Bettlynn Krafft, chair of the Phoenix Challenge Foundation, comments, "I continue to be inspired, impressed with the effort the students make every year. And, with the High School Skills competition continuing for 25 years is just amazing. This is why I do this, to help and watch these students thrive."
