WEPACK 2024

April 10th-12th 2024, Shenzhen World Exhibition & Convention Center, China

WEPACK 2024 is biggest event in the Asian Converting industry covering the entire packaging value chain, the event cover 120,000 square meters with 1,200 exhibitors from more than 30 countries and regions. Ample room to host six major packaging exhibitions: the Sino Corrugated South, SinoFoldingCarton, Paper, Digital Printing and more.

A global commerce and trade showcase platform exhibition that spans the whole packaging industrial chain and integrates series packaging exhibitions in 6 major sectors, WEPACK encompasses products.

Technologies and services involved in the complete packaging industrial chain from upstream to downstream, including raw paper & raw materials, packaging processing equipment, the course of packaging processing, and finished packaging products.

Leveraging resources accumulated over the past 20-odd years, through the globalization scale effects and industrial layout it "connects and drives" the development of the global packaging industry, while creating significant value that promotes upstream and downstream "symbiosis" in the industrial chain.

Furthermore, it helps every packaging supplier in the industrial chain break traditional patterns, make breakthroughs amid competition, gain access to new markets, resources, and tracks, and move towards a new development ecosystem that is more sustainable.
